Mr. Carney commenced life in an humble position in the People's bank, and by his application and attention to business was promoted step by step until he finally became its cashier, succeeding Arthur C. McKee. About the first of February, of the present year, he resigned the cashiership of the bank, and since that time has held a clerkship in the Baltimore & Ohio Reliroad machine shops at Newark, Ohio When Ms. Carney left the bank no one suspected that his secounts were wrong or that he had been guilty of any criminal act. It seems that after the credit entry above described was made the word "Bridgeport" was added after Carney's name, the supposition being that this would mislead any investigation as to where the money come from.

These are the grounds for issuing the warrants as near as can be learned.

When the warrants were made out they were placed in the hands of Constable J. P. St. Myers, who took the 11:15 train over the Central Ohio road on Monday night. Arriving at Newark at 3 o'clock in the morning Mr. St. Myers waited until a convenient hour when he went to Prosecuting Attorney J. E. Lawhead and had the proper papers made out for the arrest of Carney. He then proceeded to the Baltimore & Ohio machine shops, where Carney was employed, and told him he was his prisoner. Mr. Carney agreed to go with him without waiting for the formality of a requisition. SMILLPUL EYE SURGERY.

Mr. James Ferguson, Unionport, This tounty, Restored to Perfect Sight.

DEAR SIR-1 have been a reader of your Dank Sin—I have been a reader of your valuable paper for several years, and take the liberty to write you fness lines, hoping you will publish them in the interest of the afflicted.

I was blind from cataract in both eyes, entirely blind in the right for three years and not able to read with the other for a year. On the 20th of last October I placed myself under the care of O. W. Sadler, M. D., No. 256 Penn avenne, Pittsburgh, Pa., who removed the cataract from my right eye. I had no pain after the operation.

who removed the cataract from my right eye. I had no pain after the operation, which lasted but a very short time, and now, March 2d, I can see to read almost as well as I ever could. I feel that the doctor is very skillful, and would advise all who are similarly sifected to go to him, as I think all who place themselves under his care will be satisfied. I will say further, I found the Doctor to be a gentleman, and his whole family know how to make the patients feel at home.

Yours respectfully,

James Ferguson,

A sure cure for the Blind, Bleeding, Itching

Dr. Williams (an Indian remedy) called Dr.
Williams's Indian Onthment. A single box
has cared the worst chronic cases of (wentyfive and thirty years standing. No one need
suffer five minutes after applying this wonderful southing medicine. Lotions, instruments and Electuaries do more harm than
good. Williams's Ontment absorbs the
tumors, allays the Intense Itching (particularly at night after getting warm in bed), acts
as a politice gives instant and painlers relief,
and is prepared only for Piles, itching of
the private parts, and nothing else.
Read what the Hen J. M. Coffinberry, of
Cleveland, says about Dr. Williams's Indian
Pile Ointment: I have used acores of pile
cures, and it affords me pleasure to say that I
bave never found anything which gave such
immediate and permanent relief as Dr. Williams's Indian Pile Ointment.
